SUMMARY

Full-Stack Developer with 2+ years of experience in the MERN stack (including internship) and 1+ year in .NET Core. Skilled in building scalable web applications, responsive UIs, and RESTful APIs. Proficient in MongoDB and MySQL with strong full-stack development expertise.

EXPERIENCE

- urbanchat** Remote
 - FullStack Developer (Full-time)* *jan 2024 - jan 2025*
 - UI Enhancement & Performance Optimization:** Redesigned and optimized the user interface to improve API response handling and enhance overall user experience, reducing load time and improving responsiveness.
 - API Development & Integration:** Developed and integrated RESTful APIs to enable seamless communication between frontend and backend services, ensuring efficient data flow and system scalability.
 - Real-Time Features:** WebSocket-based real-time updates for posts and threads to ensure low-latency communication and live content synchronization.
- Pizone Infotech** OnSite
 - FullStack Developer (Full-time)* *march 2025 - Present*
 - Frontend Development (Angular):** Developed and enhanced responsive user interfaces using Angular, improving user experience and application performance.
 - Backend Development (C# & .NET Core):** Worked on RESTful API development and integration using C# and .NET Core, ensuring secure and scalable data communication.
 - Debugging & Performance Optimization:** Identified and resolved application bugs, optimized API responses, and improved system stability across frontend and backend modules.
 - UI & Feature Enhancement:** Collaborated with cross-functional teams to enhance existing features and implement new functionalities based on business requirements.

SKILLS SUMMARY

- Languages:** C#, JavaScript, SQL
- Frameworks:** React, Angular, .Net Core Web api, NodeJs, Express
- Tools:** GIT, MySQL, SSMS, MongoDB
- Soft Skills:** Leadership, Writing, Public Speaking

PROJECTS

- Flex – Enterprise Resource Management System (Angular, .NET Core Web API):** Currently working as a Full-Stack Developer on an enterprise-level application designed for managing data and operations of hospitals and large organizations. Developed responsive front-end modules using Angular and built scalable RESTful APIs with .NET Core. Handled database design and operations using SSMS, ensuring efficient data management and system performance. Collaborating in a team environment to develop, maintain, and enhance system features.
Tech: Angular, .NET Core Web API, SQL Server (SSMS), C#, TypeScript, HTML, CSS
- Health Product Analyzer – Amazon Data Scraper with AI Insights (MERN Stack, OpenAI Integration) [Nutripick]:** Developed a full-stack web application that scrapes health product data from Amazon and extracts detailed nutritional and product information. Integrated OpenAI to analyze the data and generate insights such as product health rating, suitable age groups, and nutrient breakdown. Built a responsive user interface for seamless interaction and result visualization. Collaborated in a team environment to design, develop, and deploy the application.
Tech: MongoDB, Express.js, React.js, Node.js, OpenAI API, Web Scraping, JavaScript, HTML, CSS, tailwind CSS
- Urbanchat – AI-Based Communication Booking Platform (MERN Stack, OpenAI Integration) [Urbanchat]:** Worked as a Full-Stack Developer on an AI-powered platform for automated client interaction and meeting booking. Developed features for AI-based calling/chat agents that interact with users and assist in scheduling meetings. Built and integrated web crawlers to extract data and embed intelligent chat agents into external websites for real-time client communication. Implemented scalable backend services and responsive UI using the MERN stack, with OpenAI integration for intelligent responses.
Tech: MongoDB, Express.js, React.js, Node.js, OpenAI API, Web Crawling, JavaScript, HTML, CSS

EDUCATION

- Surendera Dental College and Research Institute** Rajasthan, India
 - Bachelor of Technology - CSE; GPA: 8.78* *July 2022 - June 2026*

CERTIFICATIONS

- Pizone Internship Certificate - May, 2023
- Urbanchat Internship Certificate - September, 2023
